“The Affordable Medical Plan”

Welcome to your Enrollment with The Affordable Medical Plan

This is an alternative medical plan available for individuals not eligible to obtain health coverage under the health care reform Obama Care due to their low income or immigration status.

This medical plan is exclusive for patients established for primary care at 360 Medical Centers.

This is not a Health Insurance and does not provide coverage for services rendered outside of the premises of 360 Medical Centers other than Radiology & Imaging services. This plan does not provide coverage for visits to the Emergency room, Hospital, or Urgent Care Facility.

This plan will not provide coverage for any services out of the scope of our practice; this plan is limited to primary care or general medicine practice.

This plan will not provide any health coverage for services if you are referred to a specialist for continued care or to any other medical facility for additional care.

This plan is not affiliated with any insurance company, health care broker, or any other health care facility.

The plan administrator will assist the members to obtain discounted rates for services offered at the center by our physicians. These discounted fees are for services available to self-pay patients only.

This plan is extended for services rendered only by the physicians and professional staff at 360 Medical Centers.

MEMBERSHIP COVERAGE

This is not a Contract. Members can request to cancel the membership at any time. The member is obligated to pay the monthly membership fee to obtain the discounted fees. The membership will automatically renew every month, predicated on timely payment. I understand that if I am in default for a monthly payment, I will not be able to obtain medical services and my membership will be cancelled unless all overdue payments are reconciled. Discounted membership services are only available with an active membership. Payments made after 60 days will require a new membership.

Refund Policy: If you cancel for any reason within 30 days after the effective date, you will receive a full refund of the paid membership fees. The refund is incumbent upon the member not receiving medical services at the facility during that period of time.

Changes: Medical services and the costs associated with them are subject to change. The agency will provide you with these changes and will get your written signature approving the price adjustment prior to automatically renewing the membership.
